

K. C. Endsley Creative Services

"Jim is a brilliant creative mind. He is a rare breed -- a one-man, hands-on production maven who can fit into a team at any level from the top down. He can mastermind, write, shoot, edit and produce a myriad of projects with an uncanny ability to simultaneously see the big picture while fastidiously tending to the smallest of details. I've seen him stage manage large, live productions with a calm and easy grace that imbues his own sense of confidence into those around him. He brings out the best in those of us who have had the privilege to work with him with his unique personal style of supportive, empowering and decisive leadership. His technical hands-on proficiency and inborn empathy allows him to translate ideas, whether they are his or his clients, into impressive media vehicles to communicate clear messages that motivate and inspire.
